

Carrie Pearson feels that being a children's book author represents the best merger of her education, occupations, and passion. She holds a BA in early childhood education from the University of Michigan, taught at the University's preschool and then moved into the business world for 15+ years. She is now a full-time children's book author and owner of a consulting business in the children's book industry focusing on preparing writers to connect with the right agent. She is a Regional Advisor for the Society of Children's Book Writers and Illustrators (SCBWI) Michigan chapter and a member of the Michigan Reading Association and the Upper Peninsula Publishers and Authors Association. She is the author of three nature-themed picture books, A WARM WINTER TAIL, A COOL SUMMER TAIL, and STRETCH TO THE SUN: FROM A TINY SPROUT TO THE TALLEST TREE ON EARTH. A picture book biography about medical trailblazer, Dr. Virginia Apgar, launches in 2022 and a nonfiction picture book about how real life princesses are changing the world launches fall 2021.
